

The meeting will focus on practical tips for clinicians regarding the oral health care of older people.

Overall Aims

- ^ *An update on modern 'adhesive' restorative materials and how they work in a challenging oral environment outside the ideal dental surgery setting.*
- ^ *Prevention of root caries in an older population and the treatment of the various stages of decalcification*
- ^ *How to overcome the disadvantages and accentuate the advantages when using an acrylic base for partial dentures?*
- ^ *To review the factors that determines the choice of major connectors in partial dentures. How to avoid covering gingival tissues with partial dentures.*
- ^ *What patient factors compromise the success of complete dentures? How to use special techniques to attempt to overcome these factors.*
- ^ *Why are copy dentures recommended for use? How does the technique fail to deliver success.*
- ^ *Are there any contra-indications to implants related to age? Should special techniques be used for the older patient?*
- ^ *What can be done to prevent or reduce the inevitable residual ridge resorption? How can advanced resorption be managed?*

5 CPD HOURS

Programme

*9.30 -10.00 Introduction Professor Paul Wright
BSG President*

'Adhesive Restorations under Difficult Circumstances'
Andrew Elder

'Root Caries. Prevention and Management.'

**BRITISH SOCIETY
OF
GERODONTOLOGY**

The aim of the society is to protect, maintain and improve the oral health of older people by providing a forum to further knowledge and increase awareness relating to oral health, dental needs and treatment for the benefit of older adults.

The society holds two meetings per year when members of different dental specialities and dental care professionals come together to consider and exchange information on the oral health care of older people.

BSG is also involved in the development of undergraduate and postgraduate teaching in Gerodontology. It motivates and fosters relations with other health care professionals, care workers, charitable organisations, voluntary agencies and carers for the benefit of older people, thereby enhancing health promotion.

Full membership of BSG includes a subscription to the Society's scientific journal 'Gerodontology'.
